

NLG Bungee Tool Lanyard

Product Code:
101372

Max Load:
5 KG / 11 LBS

OVERVIEW

The Bungee Tool Lanyard is a highly versatile and durable tool lanyard that is one of our most popular for a reason. Featuring a durable easy stretch bungee, durable climbing cord loop and anti-tangle 360° Rotobiner™ it's an ideal option for hand tools.

NLG ID™
Serialised and safe

Simply scan the NLG ID tag with your phone to instantly access certificates, instruction videos and log inspections. (See Specification if included).

Third-party
tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

Widely recognised as the first choice in tool lanyards, the Bungee Lanyard is in a class of its own. The convenience and durability of the self-retracting bungee webbing keeps the lanyard out of the way, ensuring it has minimal resistance to movement in the most gruelling reach work. Featuring the NLG Rotobiner™, a dual action carabiner that rotates freely through 360° avoiding twists and tangles. At the other end, the tough climbing cord loop allows easy and secure attachment to an anchor point or directly to a captive hole or handle on the tool itself.

FEATURES

360° Rotobiner™ to prevent tangles and two-stage locking gate to provide a secure attachment to the tool or anchor point.
 Durable easy stretch bungee to provide full range of motion and reach when working.
 Rugged climbing cord loop allows for quick and secure cinching.
 Contrast stitching for faster visual inspections

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
